PATENT  
USSN 10/522,459  
ATTY. DOCKET NO. VAJP-40008

### REMARKS

By the present amendment, applicant is amending the claims to define, now even more clearly, applicant's invention with a view toward overcoming The Examiner's Section 112 rejections.

In particular, applicant has amended the claims to provide adequate antecedent basis for the language used in the claims.

For the foregoing reasons, applicant submits that the amended claims are clear and that the application is now in condition for allowance. An early and favorable action to that end is requested.

Respectfully submitted,
